**2008 SONOMA COUNTY HARVEST FAIR
COMMERCIAL SPACE AND EXHIBITOR POLICIES**

It is the policy of the Harvest Fair Concessions Committee to promote primarily Sonoma County products, crafts, agriculture, and other endeavors. Concession preferences are given to local businesses, especially those that are agriculture related. Our goal is to increase awareness of local products while providing entertainment and supplying needs. Demonstrations, distribution, and marketing all contribute to this goal. Together we can show the public the offerings of our county.

The criteria shall be as follows:

1. Concessions and exhibit space applications will be accepted in the Administration office of the Sonoma County Harvest Fair. Locations will be assigned at the discretion of the Harvest Fair.
2. If two or more requests for any space are received and all are responsible vendors with proposed attractive stands and competitive merchandise, preference may be given to the local applicant. If all or none are local residents, then staff will canvass other fairs, exhibitions, or other reputable sources to determine if one or another was superior in service, cooperation, etc. A choice will be made, a one-year license agreement tendered with subsequent evaluation to follow during and following the fair.
3. The reputation and standing of the exhibitor throughout the fair circuit will be considered, i.e., review of the exhibitor's performance at other fairs.
4. The necessity of the concession or exhibit is considered based upon the number and kinds of like attractions already on the fairgrounds that year; i.e., the grounds could be filled with stands selling belts, jewelry, sandals and computer photographs if each request for this type of booth were honored.
5. The conduct of commercial exhibitors towards directors, management, employees, and customers will be evaluated as part of the criteria for continued space at the fair. Any conduct during the fair that results in a citizen's written complaint may be reason for immediate expulsion from the premises with no refund.
6. Exhibitors and concessionaires are expected to provide quick and friendly answers to any complaints by fair patrons, i.e., the prompt replacement of a damaged article, a refund of the customer's money if requested, etc.
7. Exhibitors are not allowed to collect donations or contributions any organizations during the Harvest Fair.
8. Any Farm Market, Farm Trails, Nonprofit Ag. Organization, Nonprofit Community Service Group selling food products that are intended to be consumed on-grounds shall be considered a food concessionaire.
9. Any Farm Market, Farm Trails, Nonprofit Agricultural Organization, Nonprofit Community Service Group member selling merchandise during the Fair will be charged a seller's fee of \$100.00.
10. Minimum requirements include meeting all health, fire, and safety requirements. All applications submitted must have a picture of the proposed booth. Only the most attractive units will be considered.
11. Commercial space is subject to relocation if deemed necessary by the Fair. Concessionaire shall not assign, sublease, or apportion the assigned space or any part thereof, unless first obtaining written permission by the Fair. The right to operate a booth on the Fairgrounds is nontransferable and is nonproprietary.
12. The Fair reserves the rights to prohibit a concession or any part thereof, which in the sole judgment of the Fair may be objectionable or offensive to neighboring stands or to the public. This restriction extends without limitation to persons, things, conduct, signage, or printed matter. **No balloons or stickers may be given out.**
13. Conformance to the rules and regulations of the Sonoma County Harvest Fair is required as stated on the license agreement and all printed material. Rules are strictly enforced, and any violation may result in termination of the contract.
14. The Fair requires that all commercial exhibitors have liability insurance. The Fair requires each exhibitor have a certificate of insurance per booth on file 30 days prior to opening day of the Fair, and it shall be in full force and effect during the term of the license agreement (including period of set-up and clean-up). The minimum coverage is \$1 million combined single limit per occurrence to cover public liability and property damage. The Sonoma County Harvest Fair and the Sonoma County Fair & Exposition, Inc. must be named as additional insured per the attached endorsement form for the duration of the Fair. **Insurance may be purchased through the Fair.**
