## SONOMA COUNTY FAIR EXHIBITOR CODE OF EXCELLENCE – DECLARATION STATEMENT

*A complete version of the Sonoma County Fair Code of Excellence is listed in the Exhibitor's Guidebook.  
It is each exhibitor's responsibility to read and understand the Code of Excellence before signing this declaration statement and entry form*

As a youth participant at the Sonoma County Fair & Exposition:

I believe my participation in the youth program should demonstrate my own ability, knowledge and skill, and my own investment of time in the project I am exhibiting. I will do my own work and accept only advice and support from others.

I will read and understand the rules and regulations found in the Code of Excellence as well as those rules and regulations found in the Sonoma County Fair Exhibitors Guidebook and the State Rules for California Fairs. I ask that my parents and supervisor/leader of my project not break any rules or make exceptions on my behalf. I wish for my project to be an example of how to accept what life has to offer, good and bad, and how to live with the outcome.

I will not use abusive, questionable or unethical techniques in the preparation, presentation, or handling of my project. I will not resort to fraudulent, deceptive, or illegal practices when preparing my project for exhibition. I will also not allow my parents, advisor, supervisor/leader, or any other adult or minor to employ such practices to my project.

I realize I am responsible for:

- the proper care and treatment of my project,
- the presentation of my exhibit at the fair,
- the production of wholesome food, fiber, clothing, and textiles,
- and the development of sound moral character in myself and others.

I understand that when I, my parent/guardians, my supervisor/leader, or any other adult or minor connected with my project break the rules, I must live by the decision of the fair management.

This form **MUST** be on file with the Entry Office prior to the opening day of the fair. Failure to return this form will result in an exhibitor not being able to show his/her animal (s) at the fair.

## MARKET LIVESTOCK DRUG RESIDUE TESTING RULES

1. The Fair has a zero tolerance policy regarding the use of unapproved drugs, chemicals, or medications on market livestock, and will be conducting Drug Residue testing at the fair to ensure compliance. **Unapproved means not approved by the Food and Drug Administration (FDA) for slaughter animals including animals that may be destined for human consumption.**
2. Immediately after they are selected, the top four placing large animals (4-H Champion, 4-H Reserve Champion, FFA Champion, and FFA Reserve Champion) in market beef, market hog, market lamb, and market goats will be diverted to an official testing area and tested for drug residue.
3. The animal, exhibitor and parent or legal guardian will be directed to stay in their designated area until the sample has been collected.
4. The Fair will automatically re-test at least one champion animal of each species after the initial testing has been completed and prior to the load out of animals for processing.
5. During market livestock arrival times, drug residue testing will be conducted on livestock selected at random. Voluntarily, exhibitors may elect to have their animals tested. A fee will be charged to cover the costs of the lab tests.
6. The Fair reserves the right to randomly select and test any animal regardless of its placing in the show.
7. Animals that test positive for residues from any foreign substance that is not approved for use in meat animals by the Food and Drug Administration (FDA), will be disqualified. Additionally:
  - a. Exhibitor and exhibitor's parents and/or guardians agree that the Sonoma County Fair shall be entitled to disqualify any exhibitor whose animal tests positive for any drug even if the exhibitor and the exhibitor's parents or guardians are innocent of any wrongdoing and had no role in the administration of the drug shown by the drug test.
7. (continued):
  - b. Any exhibitor whose animal is disqualified, will not be allowed to exhibit or sell any other animals in this year's Junior Livestock Auction program, and will forfeit any sale proceeds if they already sold another animal at this year's fair prior to their disqualification.
  - c. The Sonoma County Fair Exposition, Inc. will in no way be held liable or responsible for the value of animals that are disqualified
  - d. The exhibitor may forfeit all rights to any scholarships, special awards, and all sale proceeds including the auction price and market resale value, regardless of their connection to the disqualified animal.
  - e. Any exhibitor whose animal is disqualified will be barred from exhibiting in any future Sonoma County Fair as a Junior Exhibitor.
  - f. Changes will not be made to the placings of other animals.
  - g. The identity of the exhibitor may be disclosed publicly as documentation of any board action automatically becomes public record.
8. Carcasses are USDA inspected at harvest and can be condemned or rejected if their tissue samples test positive for drugs not approved by the FDA for use in slaughter animals destined for human consumption. If the carcass of an animal sold through the Sonoma County Fair Junior Livestock Auction is rejected or condemned by the processing facility for these reasons, this animal will be considered disqualified and the seller/exhibitor will be subject to all consequences as outlined above in paragraph 7, and is responsible for the costs associated with the harvest and rendering of condemned carcasses.
